2021 Approved Schedule of Fees and Charges

Foreword

The 2021 Approved Schedule of Fees and Charges outlines all fees and charges that may be levied by RMIT for enrolment or other engagement with RMIT and select controlled entities of RMIT, including RMIT Online and RMIT Training, henceforth collectively referred to as 'RMIT', in the 2021 calendar year.

The fees and guidelines in this document are not applicable to enrolments with RMIT English Worldwide (REW). ELICOS students enrolled with REW should refer to the course fees and enrolment and refund policies available at **rmittraining.com**/academic-english.

The 2021 Approved Schedule of Fees and Charges is published under the authority of RMIT Council. All fees in this schedule and its appendices are subject to alteration by Council or delegate without prior notice. Approved changes will be recorded in the relevant fee schedule and published at **rmit.edu.au**/fs/studentfees/schedules.

Only fees that have been approved by the Vice-Chancellor, or delegate, can be charged to students or persons; <u>fees that have not been approved should not be charged or collected</u>. All student fees must be charged through RMIT's student administration management system (SAMS) unless otherwise approved by Finance.

All fees and charges listed in this document and its appendices have been endorsed by Finance and approved by the Vice-Chancellor. Any queries about this document can be lodged online at **rmit.service-now.com**/connect.

In broad terms, there are four categories of fees charged by RMIT:

<u>Tuition fees</u> for higher education, vocational education and preparatory students. The tuition fees charged depend on a student's citizenship and the type of place they have been offered.

<u>Student services and amenities fees (SSAF)</u> for services and amenities of a non-academic nature that enhance the student experience, such as sporting and recreational activities, employment and career advice, childcare, financial advice and food services.

<u>Materials fees and charges</u> associated with programs and courses offered by RMIT. These include fees and charges for field trips and goods that are used to produce items that become the physical property of students.

<u>Administrative fees and charges</u> include fees for services, graduation ceremony attendance, parking, library fines and penalties for late enrolment.

The following sections detail the fees and conditions that may apply to fees charged to students or persons for enrolment or other engagement with RMIT during 2021. Information about fees is also available online at **rmit.edu.au**/programs/fees.

1. Application of the 2021 Approved Schedule of Fees and Charges

All students or persons who enrol at RMIT for studies in the 2021 calendar year, or who otherwise engage with RMIT in 2021 (e.g. graduation, car parking, application for admission) are subject to the fees and charges detailed in this document.

All students who undertake their studies at RMIT in the 2021 calendar year are required to enrol. Completion of an enrolment form or online enrolment is a declaration that binds a student to the rules and obligations of this schedule, inclusive of amendments subsequently approved by Council. A student or person is liable for the financial obligation that results from the application of their enrolment or other action pursuant to this schedule.

If a student has enrolled and wishes to cancel their enrolment, it is their responsibility to inform RMIT before the relevant census date. If they fail to do this their financial obligation remains and they will remain liable for all fees (such as tuition, SSAF and administrative fees), even if they are no longer attending classes. If a student has deferred their fees using a Higher Education Loan Program (HELP) loan, e.g. HECS-HELP, FEE-HELP or a VET Student Loan, they will still have to pay their loan if they cancel their program after the relevant census date.

1.1. Creation of financial liability

Financial liability for all tuition and administrative fees and charges is created at the point of enrolment. Students become liable for materials fees upon signed agreement and/or upon receipt of the corresponding goods or service.

1.2. Cessation of financial liability

Financial liability only ceases upon payment or withdrawal from a course or program by the appropriate date.

The only mechanisms to withdraw from a course are dropping individual courses, lodging a *Leave of absence* request or lodging an approved *Enrolment variation* form.

The only mechanism to withdraw from a program is by lodging a *Cancellation of program enrolment* form via Enrolment Online or with RMIT.

Note: a student cannot cancel their program online if they are:

- an Open Universities Australia (OUA) student, unless they are enrolled in an OUA Commonwealth supported place (CSP)
- an international onshore student under the age of 18
- studying at RMIT International University Vietnam (RMIT Vietnam)

To cancel their program, a student who belongs to one of the categories above is required to:

- contact RMIT Connect to obtain the hard-copy program cancellation form
- lodge the form at RMIT Connect before the relevant census date

For more information about enrolment variation, leave of absence and cancellation of program enrolment visit:

- **rmit.edu.au**/students/student-essentials/information-for/rmit-online-students

1.3. Governing legislation

The 2021 Approved Schedule of Fees and Charges has been prepared based on the current Australian and Victorian legislation and administrative guidelines that govern RMIT operations.

RMIT reserves the right to amend the fees, charges and guidelines detailed in this document in-line with any changes to the legislation and guidelines implemented after its publication. Should any inconsistencies arise between this document and the legislation and guidelines, the legislation and guidelines will prevail.

2. Tuition fees

2.1. Annual fees

Students will be charged a fee per unit for each course (subject) they enrol in, which is based on their program code (and, in some instances, admit term, see section 2.2). Higher education and Foundation Studies students will be charged a fee per credit point and preparatory and vocational education students will be charged a fee per nominal hour.

This does not apply to students enrolled in a Commonwealth supported place, the Associate Degree in Aviation (Professional Pilots) or the Diploma of Flying (Pilot Cadetship), whose fees will be calculated based on their individual courses and the fee per course may vary.

Program and course tuition fees for students who commence their program in 2021 are held constant for the 2021 calendar year only.

RMIT reserves the right to annually adjust program tuition fees. Changes to program tuition fees will be applied at the beginning of each calendar year. In 2021 and future years the annual tuition price increase is capped at 7.5%.

This cap applies to:

- domestic and international onshore full-fee higher education students (including students enrolled with RMIT Online)
- international onshore full-fee vocational education and preparatory students
- international offshore students who are enrolled with and pay fees to RMIT Australia

For higher education fees, tuition fees may be rounded up to the nearest $10.00 per credit point increment, and so the actual fee increase may exceed 7.5%.

Similarly, for international onshore vocational education and preparatory students, the program annual fees may be rounded up to the nearest $250.00, and so the actual fee increase may exceed 7.5%.

Domestic vocational education fees are not subject to an annual cap and fee increases may exceed 7.5%.

The terms and conditions detailed in this document relate to 2021 commencing and returning students and are subject to annual review. Students who commence their program in subsequent years will be subject to the terms and conditions prevailing at that time.

Any changes to terms and conditions will be communicated prior to their effective commencement date.

2.2. Cohort pricing

Where the tuition fee for a given higher education program exceeds the cap on annual tuition price increases, a student who is currently enrolled will be entitled to complete their program at their current fee rate (subject to annual indexation), while newly enrolling students will be charged at the new fee rate. Any change of program is treated as a new enrolment.

The domestic and international lists of the average annual 2021 tuition fees for all undergraduate, postgraduate and higher degree by research programs in Appendices 1, 3, 4 and 6 may, therefore, include two or more price streams for a single program.

Where this occurs, the 'program description' field will indicate the cohort by calendar year that corresponds to the annual fee price listed. A student is allocated to a cohort based on the semester and year they commenced their program.

2.3. International students on a non-student visa

In 2021, eligible international onshore students who hold a visa other than a student visa (such as a bridging or temporary visa) and are not subject to the Education Services for Overseas Students Act 2000 (ESOS Act) will be charged the domestic full-fee for their program.

RMIT uses admission codes 'BK' (undergraduate and postgraduate), 'BR' (research scholarship) and '76' (vocational education and preparatory) for this purpose. Domestic full-fees are detailed in Appendix 1 (higher education), Appendix 2 (vocational education) and Appendix 4 (RMIT Online).

If an international student's non-student visa expires and they require an electronic Confirmation of Enrolment (eCoE) to apply for an extension, they will then be charged the international onshore fee for their program (see Appendix 3). The international onshore fee will be applied based on the timing of their non-student visa expiry and renewal dates.

Effective 1 January 2022, commencing international onshore students on a non-student visa will be charged the international onshore fee for their program (Appendix 3). Continuing international onshore students on a non-student visa who had been charged domestic full-fees in 2021 will be charged at the domestic full-fee rate until they complete their program, if the non-student visa holder retains their non-student visa.

2.4. Standard or average load

Annual tuition fees are based upon standard or average load (total program load ÷ standard program duration) and normal progression, with pro-rata fees applying to non-standard loads. Higher education tuition fees are charged at a rate per credit point and the standard measure of a full-time student load is 96 credit points per year for higher education programs (except higher education coursework programs offered in Vietnam where it is 108 credit points per year). Some programs, such as double degrees, may require the student to enrol in more than 96 credit points in some or all years of the program and fees will be charged accordingly.

Vocational education programs do not conform to a standard load per year, and the annual fees for these programs are based on a calculation of total program fees (at current year prices) divided by program duration. A full-time study load is calculated by the nominal hours for the program divided by the full-time duration of the program.

Due to their variable program structure, some vocational education programs may have different fees that depend on a student's chosen stream or specialisation.

Vocational education tuition fees are charged at a rate per nominal hour and a student's fees are calculated each year according to their enrolled load at the program price set for the corresponding calendar year.

To illustrate, a program requiring 1,500 nominal hours over two (2) years may require students to undertake 700 nominal hours in the first year and the balance of 800 nominal hours in the second year.

Assuming full-time enrolment, the student will be charged for 700 nominal hours in the first year at the rate per nominal hour set for that calendar year and for 800 nominal hours in the second year at the new calendar year rate.

The fee charged for each semester in a calendar year may also vary depending on the program's enrolment structure. As an example, a student required to complete 700 nominal hours in a calendar year may be enrolled in and charged for 300 in semester one and 400 in semester two. Over the full duration of the program, the total program tuition fee will be the fee quoted, subject to annual indexation.

Vocational education fees may be more than the total program tuition fee (including annual indexation) if a student chooses non-standard electives or if a student enrols in subjects in addition to the standard program load.

2.5. Higher Education – Commonwealth supported places (CSPs)

A CSP is a place at university where the tuition fee is jointly paid by the student and the Commonwealth Government. The student's share of the fee (student contribution) is set by the government and determined by the discipline areas (bands) of their individual enrolled courses (subjects), not the overall program.

A student is a CSP student only if they have received confirmation from RMIT that they have been offered a CSP and the student accepts that place and their eligibility has been verified. Some CSP students, including undergraduate students studying with RMIT through OUA, may be eligible for a HELP loan, which will allow them to defer payment of up to 100% of their student contribution (see section 2.6) unless they exceed their HELP loan limit. For more information about CSPs, visit **rmit.edu.au**/programs/fees.

2.5.1. Changes to CSPs for 2021

The Australian Government has introduced changes to the way tertiary education is funded from 2021 under its Job-Ready Graduates Package.

If you enrol in a Commonwealth supported place (CSP) your tuition fees are subsidised by the Australian Government. Under these changes, the amount of money the Government provides RMIT (the Commonwealth contribution) for different courses will change in 2021. This means the amount of money you will be charged (the student contribution) is also likely to change compared to the 2020 rate.

Students studying courses in key growth areas will see reductions in their student contributions, including for science, engineering, health, architecture, education, nursing and mathematics, compared to 2020 fee rates.

These changes will commence on 1 January 2021.

Commencing students
Students commencing study in 2021 in arts, law, economics, creative arts and communications courses will see increases in student contributions for those units compared to 2020.

Continuing students
Continuing students will contribute the same amounts for arts, law, economics, creative arts and communications courses as they would have done before this policy was implemented. If continuing students are enrolled in units that will see their student contribution amount lowered under the Government's new CSP fee structure, their student contribution will be the lowered amount.

Important note: Under government rules, applicants who deferred a 2020 offer are commencing students in 2021 and their fees will be charged accordingly.

For more information about the Jobs-Ready Graduates Package visit the Australian Government's **Study Assist website**.

2.5.2. Calculating the student contribution

CSP students are charged a student contribution amount per course. Within 28 days after the course census date and deferral of the course fee, the student will be issued with a Commonwealth Assessment Notice (CAN). A notification email will be sent to their RMIT student email account and their nominated personal email when a CAN is available to view via Enrolment Online.

The student contribution amount for a course is based on the student contribution band that the course falls within and the Effective Full-Time Student Load (EFTSL) weight of the course as a proportion of a full-time study load (i.e. student contribution band x EFTSL course weight). The weight of courses is measured as a proportion of a full-time student load (1 EFTSL) and can also be measured in credit points.

A standard annual full-time load for higher education students at RMIT is equivalent to 96 credit points. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points in some or all years of the program and fees will be charged accordingly.

It is important to note that the student contribution bands are determined by the individual 'unit of study' (which RMIT defines as a course), not the program or degree. That is, if a student enrols in a nursing course and an accounting course as part of a Bachelor of Nursing program, the Nursing course will be charged at the Nursing rate and the Accounting course will be charged at the Accounting rate.

If the student contribution amount for a course is an amount made up of dollars and cents, it will be rounded down to the nearest dollar (e.g. $3,950 x 0.125 EFTSL = $493.75, which will be rounded to $493).

2.5.3. 2021 CSP fees for commencing students

Student contribution band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2021 – commencing students
Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	$3,950 per standard year $493 per standard (12 credit point) course
Allied Health, Other Health, Built Environment, Computing, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work, Engineering, Surveying, Environmental Studies, Science, Pathology	$7,950 per standard year $993 per standard (12 credit point) course
Dentistry, Medicine, Veterinary Science	$11,300 per standard year $1412 per standard (12 credit point) course
Law, Accounting, Administration, Economics, Commerce, Communications, Society and Culture	$14,500 per standard year $1812 per standard (12 credit point) course

Detailed information regarding the calculation of student contribution amounts is provided at **rmit.edu.au**/programs/fees.

Professional Pathway Psychology and Professional Pathway Social Work

Commencing students in these programs will be charged student contribution fees based on their program type for the units (courses) that meet the Australian Government's Professional Pathway Psychology or Professional Pathway Social Work requirements.

For Professional Pathway Psychology, these are units that begin with field of education prefix 0907 (e.g 090701, 090799).

For Professional Pathway Social Work, these are units that begin with field of education prefix 0905 (e.g 090509, 090513).

RMIT program code	Program name	Program type
BH000	Bachelor of Applied Science (Psychology) (Honours)	Professional Pathway Psychology
BP112	Bachelor of Social Science (Psychology)	Professional Pathway Psychology
BP154	Bachelor of Applied Science (Psychology)	Professional Pathway Psychology
BP295	Bachelor of Criminology and Psychology	Professional Pathway Psychology
BH105	Bachelor of Social Work (Honours)	Professional Pathway Social Work
BP322	Bachelor of Youth Work and Youth Studies	Professional Pathway Social Work
MC150	Master of Social Work	Professional Pathway Social Work

RMIT program code	Program name	Program type
BH106	Bachelor of Social Work (Honours)/Bachelor of Social Science (Psychology)	Professional Pathway Psychology and Professional Pathway Social Work

Postgraduate Clinical Psychology

Continuing and commencing students in **MC002 Master of Clinical Psychology** will be charged student contribution fees at the Postgraduate Clinical Psychology rate for units (courses) that meet the Australian Government's requirements for this program type, which are units with field of education 090701.

2.5.4. 2021 CSP fees for continuing students

Grandfathering arrangements will be in place for continuing students who would see an increase in their student contribution amounts under the Government's new Commonwealth supported place fee structure.

Under these arrangements, students who commenced their course of study before 1 January 2021 and are facing increased student contribution amounts for a unit, will instead have their student contribution amount remain as it were under 2020 arrangements (with fees indexed by CPI each year).

If continuing students are enrolled in units that will see their student contribution amount lowered under the Government's new CSP fee structure, their student contribution will be the lowered amount.

Student contribution band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2021 – continuing students
Nursing, Indigenous and Foreign Languages, Agriculture, Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics	$3,950 per standard year $493 per standard (12 credit point) course
Communications, Society and Culture, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work	$6,804 per standard year $850 per standard (12 credit point) course
Allied Health, Other Health, Built Environment, Computing, Engineering, Surveying, Environmental Studies, Science, Pathology	$7,950 per standard year $993 per standard (12 credit point) course
Medicine, Dentistry, Veterinary Science	$11,300 per standard year $1412 per standard (12 credit point) course
Law, Accounting, Administration, Economics, Commerce	$11,355 per standard year $1419 per standard (12 credit point) course

2.5.5. Places that do not qualify for Commonwealth support

You cannot be enrolled in a Commonwealth supported place under the following circumstances:

- the course contributes to a program that is being undertaken primarily at an overseas campus
- the enrolment is an employer-reserved place
- the course forms part of a bridging course for overseas-trained professionals, or
- the course forms part of a program the Minister has specified, by way of legislative instrument, that students cannot be enrolled in as Commonwealth supported students

2.5.6. Courses (units) that do not qualify for Commonwealth support

Each program has courses you must complete to meet the academic requirements of your award program. If you wish to study additional courses that are not part of your program, you will be unable to study those additional courses and receive Commonwealth support. This is because the additional courses do not contribute towards your degree.

If you have already completed a course for which a pass grade or higher has been achieved, and the course contributes to the academic requirements of your award program, you will be unable to re-enrol in that same course and be Commonwealth supported.

If you wish to study additional courses that do not contribute towards your degree, or continue studying once you have met the requirements for your award program, you may have options to do so under other enrolment arrangements such as non-award study or single courses.

- **rmit.edu.au**/study-with-us/single-courses

2.5.7. Open Universities Australia (OUA) students

RMIT offers a select number of courses and programs through OUA. OUA courses studied at RMIT may lead to either an RMIT or partner university qualification, and the RMIT award is identical to those awarded to non-OUA students at RMIT.

Except for undergraduate students enrolled in a Commonwealth supported place, OUA students are charged tuition fees directly by OUA, not RMIT.

Administrative fees apply to all OUA students when they wish to register to take out an RMIT Award and/or get credit transfer. RMIT charges fees to OUA students directly for these additional services. See section 5.3.2 for more information.

2.5.8. Fees for discounted short online higher education programs

Students who enrolled in a short online Undergraduate Certificate or Graduate Certificate as part of the Australian Government's relief package to support workers displaced by COVID-19 retrain or upskill received a significant discount for their 2020 Commonwealth supported place (CSP) fees. This Government discount applies to 2020 fees only.

If a student admitted under this scheme continues to study their Undergraduate Certificate or Graduate Certificate beyond 2020, discounted CSP fees will no longer apply and they will be charged normal CSP fees.

If a student progresses from a Graduate Certificate to a Master's degree, they will not be guaranteed a CSP in the Master's degree. If CSPs are being offered in the Master's, it will be at the discretion of RMIT to offer them. If CSPs are unavailable, the student will be offered a full-fee paying place.

2.6. Higher Education Loan Program (HELP)

A HELP loan can assist eligible students to pay their student contribution amount, tuition fees, the student services and amenities fee, or to meet overseas travel expenses. HELP is administered under the Higher Education Support Act 2003.

If an eligible student has an approved HELP loan they have the option to:

- pay the full tuition fee or student contribution by the due date
- pay some of the tuition fee or student contribution amount up-front before the relevant due date and request a loan for the remainder of their tuition fees or student contribution before their census date
- request a HELP loan for the full tuition fee or student contribution amount

While some information about HELP is provided in this document to assist students, a student's official references for HELP are the Australian Government's Study Assist website, *FEE-HELP information* booklet and *HECS-HELP Commonwealth supported places information* booklet.

The Study Assist website **studyassist.gov.au** contains a link to their **myHELPbalance portal**, which is designed to help students keep track of how much Commonwealth assistance they have used.

The government may make changes to the legislation for HELP at any time. Should any inconsistencies arise between this document and the Study Assist website, the information contained on the Study Assist website will prevail.

2.6.1. HELP loans available – higher education students

HELP loans provide eligible students with assistance to pay all or part of their student contribution amount, tuition fees and SSAF.

The HELP loans available are as follows:

- **HECS-HELP** — for eligible students enrolled in a CSP. HECS-HELP loans cover all or part of a student's student contribution amount (course fees) only. The SSAF cannot be deferred to HECS-HELP.

- **FEE-HELP** — for eligible full-fee students. FEE-HELP is a loan that covers all or part of a student's tuition fees only.

  It is available to full-fee undergraduate, postgraduate coursework and research students. Undergraduate students (including Associate Degree students) are charged **a 20% loan fee**, which does not count towards the HELP limit (see section 2.6.5). The SSAF cannot be deferred to FEE-HELP.

- **OS-HELP** — for eligible Commonwealth supported students who wish to study overseas. This loan is to assist with expenses such as accommodation and travel.

- **SA-HELP** — for eligible **higher education** students. SA-HELP loans are provided to cover all or part of the SSAF. Students who wish to defer the SSAF must apply for this loan **in addition** to applying for FEE-HELP or HECS-HELP.

2.6.2. VET Student Loans – vocational education students

Many RMIT vocational education programs are eligible for a capped loan under the Australian Government's VET Student Loans (VSL) scheme.

A VET Student Loan can be accessed to meet all, or some, of the costs of tuition incurred by:

- eligible full-fee vocational education students who enrol in a VSL approved diploma, advanced diploma, vocational graduate certificate or vocational graduate diploma program
- eligible vocational education students in a Victorian Government subsidised place who enrol in a VSL approved diploma or advanced diploma program

The list of RMIT programs that are eligible and ineligible for a VET Student Loan is available on the **HELP loans and VET Student Loans webpage**.

For some eligible programs, the VET Student Loan program loan limit does not cover the full amount of the tuition fee.

Any amount a student borrows under a VET Student Loan for their program (including study undertaken in the same program with a different provider) will contribute towards their VET Student Loan program loan limit, as well as their HELP loan limit (see section 2.6.5).

Program loan limits are set annually by the government. Once a student has reached the loan limit for their program they can no longer defer tuition fees for that program to their VET Student Loan.

Full-fee paying students will incur **a 20% loan fee** and Victorian Government subsidised students will not incur a loan fee. The loan fee does not count towards the lifetime HELP loan limit (see section 2.6.5).

Note that students accessing a VET Student Loan will be required to complete Government issued VET Student Loan Progression and Engagement Forms at key points each year throughout their study. Failure to complete two (2) consecutive Progression and Engagement Forms will result in the government deeming the student ineligible for a VET Student Loan, and students will be required to pay tuition fees by the due date.

Learn more at RMIT's **Keep Track of Your HELP and VET Student Loan webpage**.

2.6.3. Temporary HELP loan fee reductions

For units of study from 1 April 2020 to 30 June 2021 inclusive, undergraduate FEE-HELP assisted students will be exempt from loan fees. This is to encourage students to commence or continue study during the COVID 19 pandemic.

From 1 July 2021, FEE-HELP loan fees for undergraduate fee-paying places at higher education providers will be reduced to 20 per cent (from 25 per cent). The reduction of the loan fee reduces the financial burden on students and continues to support the sustainability of the HELP scheme. These changes apply to units of study with a census date on or after 1 July 2021.

2.6.4. Up-front HECS-HELP payment discount

If you make an upfront payment of $500 or more on your HECS-HELP loan you will receive a 10 per cent discount. The discount is an Australian Government incentive to pay up-front, either fully or partially, and will decrease your student debt.

The HECS-HELP up-front payment discount will apply for up-front payments of $500 or more for units of study or if the student contribution charges are less than $500, and up-front payment is made in full before the with a census date on or after 1 January 2021.

2.6.5. Combined HELP limit

Eligible students can borrow up to the HELP loan limit to pay their tuition fees.

For 2021, the HELP loan limit is $108,232 for most students. The limit for students studying higher education programs in medicine, dentistry, veterinary science and aviation will be $155,448.

All students are responsible for keeping track of their loan limits, and where a student reaches their HELP limit they must pay their fees directly to RMIT.

2.6.6. Renewable HELP balance

Students can top up their HELP balance by making repayments on their debt. Voluntary repayments to the ATO will top up a student's HELP balance once processed by the ATO.

Any compulsory or voluntary repayments can be re-borrowed in the future, up to the current HELP loan limit. VET Student Loan program limits are still applicable and cannot be 'topped up' via repayments.

2.6.7. How to apply for a HELP loan or VET Student Loan

When enrolling via Enrolment Online, eligible students will be asked to indicate which optional loan/s they want to apply for. They will then receive an email from the Australian Government with further instructions on how to apply via the government's eCAF (electronic Commonwealth Assistance Form) portal.

Before a HELP loan or VET Student Loan can be approved, a student must meet certain requirements, including:

- verifying their identity and citizenship or residency status before they enrol
- providing their Commonwealth Higher Education Student Support Number (CHESSN) consent
- successfully validating their Tax File Number (TFN) with the Australian Taxation Office via the eCAF portal, and
- meeting any additional government requirements for the specific loan type, as stated in the relevant published loan booklet

Learn more about how to apply at RMIT's **Enrol as a New Student webpage**.

Australian Government requirements for HELP loans are available at:

- **studyassist.gov.au**/need-more-information/help-publications (HELP loans), or
- **employment.gov.au**/information-vet-student-loans-students (VET Student Loans)

2.6.8. Provision of a Tax File Number (TFN)

If a student is applying for any kind of HELP loan or VET Student Loan for study at RMIT they will need to supply a successfully validated TFN for their loan to be approved.

If a student has not yet been issued a TFN, but has applied for one with the ATO, they may supply a *Certificate of application for a TFN* with their eCAF and must then submit their TFN on their eCAF within 21 days.

If their TFN is not submitted and successfully validated with the ATO on or before the census date, their loan will not be approved and the student will need to pay their student contribution or tuition fee in full on or before the census date.

2.6.9. Eligibility for HELP loans and VET Student Loans

Currently, to be eligible for a HELP loan or a VET Student Loan a student must:

- be an Australian citizen and meet the residency requirements (they must study at least part of their course in Australia)
- be a New Zealand Special Category Visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements *
- submit the relevant electronic Commonwealth Assistance Form (eCAF) via the government portal by the relevant census date
- be enrolled in each unit/subject at their provider by the census date
- have a HELP balance of more than $0
- submit a TFN that is successfully validated with the ATO by the relevant census date
- meet any other government requirements applicable to the relevant loan type

For complete information about eligibility and requirements for HELP loans and CSPs, see: **studyassist.gov.au**/need-more-information/help-publications.

For complete information about eligibility and requirements for VET Student Loans, see: **employment.gov.au**/information-vet-student-loans-students.

* A student who holds an NZ SCV may be eligible to access HELP loans or a VET Student Loan, providing they meet ALL the long-term residency requirements and other eligibility requirements.

If an NZ SCV does not meet all the criteria, they are not eligible for HELP loans or VET Student Loans. Learn more at **studyassist.gov.au**/help-loans/non-australian-citizens.

2.6.10. Ineligibility for HELP loans and VET Student Loans

Currently, other domestic students such as New Zealand citizens who do not meet the long-term residency eligibility criteria (see section 2.6.9) and Australian permanent residents (other than holders of a permanent humanitarian visa) are not eligible to access a HELP loans or VET Student Loan.

These students must pay their student contribution or tuition fees in full to RMIT by the due date for each course.

If a CSP student who is not eligible for HECS-HELP assistance fails to pay their student contribution amount in full by the census date, RMIT is required by Australian Government legislation to **cancel** the student's enrolment.

If a student fails to pay any of their student contribution in a standard semester, their entire program enrolment will be cancelled until the next study period.

If a student makes a partial payment only or has enrolments in other semesters with a different census date, only courses that have not been paid in full will be dropped from their enrolment for the relevant census date, accordingly.

RMIT does not have any discretion with this matter and cannot accept a student contribution payment after the census date.

If a student in a full-fee place who is not eligible for FEE-HELP assistance or a VET Student Loan does not pay their tuition by the due date, they will be considered a university debtor (see section 8).

If a VET Student Loan student fails to meet the ongoing requirement of submitting their government issued Engagement and Progression forms, they will be considered ineligible for a VET Student Loan.

2.6.11. HELP loan and VET Student Loan repayments

HELP debts and VET Student Loan debts are indexed on 1 June each year. Debts are not indexed until they are 11 months old.

Repayments occur one of two ways:

- **Compulsory payments through the Australian taxation system:** students start repaying their HELP debt to the Australian Government through the Australian Taxation system once they reach the minimum income threshold level for repayment. The repayment thresholds are adjusted each year to reflect any changes in average weekly earnings
- **Voluntary repayments to the ATO:** students can make voluntary repayments to the ATO at any time and for any amount

Repayments may 'top up' a student's combined HELP balance.

It is important to be aware that the ATO does not issue a yearly ATO statement to students. All students are responsible for keeping track of their debt at the ATO.

2.7. Higher education – domestic and international onshore full-fee paying

2.7.1 Program fees and charges

RMIT offers a number of undergraduate, postgraduate and research places to students who are not Commonwealth Supported. The tuition fees for these programs are set on an annual basis and may be subject to change each calendar year.

Under the Higher Education Support Act 2003, domestic full-fee students in a unit of study (course) must be charged an amount equal to, or more than, what CSP students are charged for that unit.

That is, for units in which CSP students are enrolled, the full-fee tuition fee the provider sets cannot be less than the highest student contribution being paid by any CSP student for that unit. The only exception to this is where a student is enrolled in an employer reserved place.

The fees for all of RMIT's domestic full-fee programs have been set above the respective maximum student contribution amount. Appendix 1 provides a list of the average annual 2021 tuition fees for all domestic undergraduate and postgraduate full-fee programs (see Appendix 4 for tuition fees that apply to domestic postgraduate students enrolled via RMIT Online).

2.7.2   International onshore students

The Commonwealth does not contribute to educational costs for international students unless the students are in receipt of a Research Training Program International Tuition Fee Scholarship.

Furthermore, Commonwealth grant amounts provided to universities for the education of domestic students are not provided to subsidise places or services for international students.

The fees charged to international students must be greater than or equal to a minimum indicative fee specified by the Commonwealth.

All RMIT fees have been set above these minimum requirements. Appendix 3 of this document lists the 2021 average annual tuition fees for international onshore students.

2.7.3   RMIT Online

RMIT Online offers a number of fully online short courses and degrees. See Appendix 4 for the list of 2021 postgraduate tuition fees. Learn more at **online.rmit.edu.au**.

2.7.4   Calculating higher education tuition fees for a program or course

The information in this section does not apply to programs AD023 Associate Degree of Aviation (Professional Pilots) and DP017 Diploma of Flying (Pilot Cadetship). See section 2.7.5.

A higher education student's annual tuition fees are based on the number of credit points they are enrolled in for their **program** and the fee per credit point for that program in the current year.

Example: In 2021, a domestic student is enrolled full-time in a master's degree, which has a standard full-time load of 96 credit points and a fee of $280.00 per credit point.

To calculate the annual tuition fee for this program, the student needs to multiply the number of credit points they are taking by the fee per credit point as follows:

Credit points		2021 fee per credit point		2021 annual tuition fee
96	x	$280.00	=	$26,880.00

2.7.5   Aviation program course fees

Students undertaking program AD023 Associate Degree in Aviation (Professional Pilots) or DP017 Diploma of Flying (Pilot Cadetship) will be charged a specific fee for each course, with practical flying-oriented courses attracting higher fees and theory-oriented courses attracting lower fees.

For more information, see Appendix 5.

2.8. International offshore students

RMIT does not set fees for most international offshore students enrolled at a partner institution – these are established by the relevant offshore partner.

International offshore vocational, undergraduate and postgraduate by coursework students who are enrolled with an RMIT Australia campus and studying via distance education will be charged a fee equivalent to the RMIT Australia domestic full-fee for their program.

RMIT Australia PhD and master by research fees for international offshore candidates studying with RMIT Australia offshore by distance education are available in Appendix 6 of this document.

Appendix 4 lists fees for international offshore students enrolled with RMIT Online.

2.9. RMIT International University Vietnam

Australian and New Zealand students who apply directly to RMIT International University Vietnam (RMIT Vietnam) and enrol with RMIT Vietnam are subject to the fees and charges detailed at **rmit.edu.vn**/tuition-fees.

An RMIT Australia student participating in a cross-campus exchange will continue to be enrolled as an RMIT Australia student, paying any tuition fees or student contribution amounts as they would if their study was undertaken in Australia.

2.10. Vocational education – Victorian Government subsidised places (Skills First program)

2.10.1. Tuition fees for government subsidised places

For eligible students, this training is delivered with Victorian and Commonwealth Government funding. RMIT's Registered Training Organisation (RTO) code is 3046.

Tuition fees for a Victorian Government subsidised place vary according to each program and are updated on an annual basis.

Appendix 2 provides a list of the average annual 2021 tuition fees, as well as the amount per nominal hour, for all vocational education programs for government subsidised students.

For more information, visit **rmit.edu.au**/programs/fees/vocational/govtsub.

2.10.2. Free TAFE for priority programs

Under the Free TAFE scheme, eligible students who commence an eligible priority course/program and are granted a Free TAFE place will have the tuition fees for their whole program paid for by the Victorian Government. The number of Free TAFE places available is subject to change and the Victorian Government may cap the number of Free TAFE places available for a program at their discretion.

Students must first meet the eligibility criteria for a government subsidised place, which includes location, citizenship and education history (see section 2.10.5).

Students can only access a Free TAFE program **once**, at any provider. Students assessed as eligible for a Free TAFE place can elect to accept or decline the offer of a Free TAFE place for the program.

Students will still be required to pay for other fees, such as the Student Services and Amenities Fee (SSAF), graduation fees and applicable materials fees.

Visit **rmit.edu.au**/programs/fees/vocational for more information and the list of Free TAFE programs offered at RMIT.

2.10.3. JobTrainer Fund

The Victorian Government has partnered with the Commonwealth Government to create the JobTrainer Fund to increase access to training for thousands of Victorians who have been most impacted by the coronavirus (COVID-19) crisis.

JobTrainer complements the existing subsidised training available under Skills First as well as Free TAFE.

To be eligible to enrol under the JobTrainer initiative, a student must:

- meet the standard Skills First eligibility criteria (excluding the 'upskilling' or 'two at level in a lifetime' requirements), and
- be aged 17 to 24, or
- a job seeker, and
- not have commenced a full qualification under JobTrainer before

Apprentices and School-Based Apprentices are not eligible for JobTrainer.

Eligible students under JobTrainer have access to free training in Free TAFE programs. They also have access to low fee training in all JobTrainer programs and will be charged a concession fee of 20% of the standard government subsidised tuition fee for their program. This concession applies to enrolments at any level, including diplomas and advanced diplomas

2.10.4. Program alignment with nationally endorsed training package

Each vocational education program (excluding skill set programs and courses) aligns to a nationally endorsed training package or nationally accredited course.

Accredited courses address skill requirements for industry, enterprises and the community, where these are not covered in nationally endorsed training packages.

Training packages are currently developed by Industry Reference Committees, supported by Skills Service Organisations, and are regularly assessed for quality and reviewed to ensure that they continue to meet the needs of industry, students and the community.

Training packages are reviewed and updated to reflect industry needs. Where a training package is revised, RMIT, if required, will develop a transition plan for any students enrolled in that qualification.

A variation to a qualification may result in an amendment to the nominal hours of a program. If this occurs, the program's nominal hours will be updated in the fee schedule available at **rmit.edu.au**/fs/studentfees/schedules.

Students who are transitioned to a new program due to changes to their qualification may need to complete additional courses to meet the requirements of the new program, and the fees and VET Student Loan eligibility for the new program may be different.

2.10.5. Eligibility criteria for government subsidised places

The Victorian Government provides subsidised places for approved vocational education programs for students who meet the Skills First program eligibility criteria. The number of subsidised places available is limited and subject to government discretion.

If a student is offered a government subsidised place, they must prove their eligibility before they can enrol.

A student's eligibility for a government subsidised place will depend on their citizenship, age, prior education, the number of programs they are studying in the current year and the number of government subsidised programs they have commenced in their lifetime at each level.

There are exemptions from eligibility criteria for apprentices, students undertaking the Victorian Certificate of Education, and Foundation Skills programs.

The Victorian Government may also at any time publish additional eligibility exemptions to be applied by RTOs.

Students will be enrolled according to how qualifications are defined in the relevant industry training package. This may impact on their eligibility for a government subsidised place for individual qualifications.

More detailed information regarding eligibility for a government subsidised place is available **rmit.edu.au**/programs/apply/vocational/eligibility.

2.10.6. Eligibility criteria for individuals referred under initiatives or provisions

In 2021, individuals referred to training under the initiatives or provisions set out below may not be required to meet aspects of the Skills First program eligibility criteria for a government subsidised place.

Students enrolling under the Asylum Seeker VET Program, TAFE and Learn Local eligibility exemptions and the *Skills First* Youth Access Initiative will be required to pay the student contribution amount of their tuition. They may be eligible to apply for a tuition and student services and amenities fee concession, as per the standard concession eligibility criteria (see section 2.10.8).

Eligible Individuals enrolling under the *Skills First* Youth Access initiative will have a fee waiver/exemption applied to their tuition fees and student services and amenities fees.

2.10.6.1.   Asylum Seeker VET Program Initiative

Asylum Seekers are exempt from the citizenship/permanent residency eligibility requirement for a government subsidised place, for the duration of their program, or until they withdraw.

They may also be exempted from other eligibility criteria under the TAFE and Learn Local Eligibility Exemption initiative. They must meet all other eligibility criteria for a government subsidised place.

Applicants referred to training under this initiative must either:
- present RMIT with a *Referral to Government Subsidised Training form* from either the Asylum Seeker Resource Centre or the Australian Red Cross, or
- be the holder of a valid

- o   Bridging Visa Class E (BVE)
- o   Safe Haven Enterprise Visa (SHEV), or
- o   Temporary Protection Visa (TPV)

RMIT is required to check an individual's eligibility for the Asylum Seeker VET Program by using the Commonwealth's Visa Entitlement Verification Online (VEVO) system to confirm the individual holds a valid visa, as listed above, if they do not provide the referral form.

2.10.6.2. TAFE and Learn Local Eligibility Exemptions

RMIT may exempt individuals from the 'upskilling', 'two at level in a lifetime', and/or 'two "courses in..." in a lifetime' eligibility requirements. The percentage of exemption places granted is limited by the Victorian Government and subject to change at their discretion.

RMIT must offer exemptions for individuals who present with evidence for the Retrenched workers, Automotive supply chain workers, Jobs Victoria Employment Network Clients initiatives and/or any other specific cohort as specified by the government.

2.10.7. Calculating vocational education tuition fees for a program or course

Vocational education fees for government subsidised places are calculated based on the nominal hours of enrolment.

To calculate a student's tuition fees, multiply the total nominal hours for the course or program by the fee per nominal hour for the appropriate program listed in Appendix 2.

Example 1: Tuition fee per nominal hour for one program

A student is undertaking a Diploma and is enrolled in a total of 700 nominal hours in 2021. The tuition fee per nominal hour for the program in 2021 is $10.00. Therefore, the 2021 tuition fee will be 700 x $10.00 = $7,000.00.

The fee charged for each semester in a calendar year may vary depending on the program's enrolment structure. For example, this student may be enrolled in and charged for 300 nominal hours in semester one and 400 in semester two.

Example 2: Tuition fee per nominal hour for multiple programs

In 2021, a student is enrolled in a Certificate IV program with 200 nominal hours and a Diploma program with 300 nominal hours. The fee per nominal hour for the Certificate IV is $5.00 in 2021 and the fee per nominal hour for the Diploma is $8.00 in 2021.

Therefore, the tuition fee will be:

200 x $5.00 = $1,000.00 (Certificate IV)

300 x $8.00 = $2,400.00 (Diploma)

Total 2021 tuition fees: $1,000.00 + $2,400.00 = $3,400.00

2.10.7.1. Tuition fees for Indigenous students

Under the Indigenous Completions Initiative, Indigenous students in a vocational education program in a government subsidised place in 2021 who identify at enrolment are entitled to the concession tuition fee amount at all program levels.

2.10.8. Fee concessions and exemptions for students in government subsidised places

Some students in Victorian Government subsidised places may be entitled to an exemption or concession on their tuition fees.

The concession fee is 20% of the hourly fee that RMIT would have charged a non-concession student in the same government subsidised program.

For more information, visit **rmit.edu.au**/programs/fees/vocational/concession.

2.10.8.1. Eligibility for concessions and exemptions

A vocational education student enrolled in a Victorian Government subsidised place at RMIT may be eligible to apply for an exemption or concession on tuition fees if they hold if they hold a Commonwealth Health Care Card or Pensioner Concession Card or are named on the card as a dependent child/spouse, or if they hold a Veteran's Gold Card.

For Commonwealth Health Care Cards and Pensioner Concession Cards, concessions that apply to tuition fees apply equally to the holder of the card, their dependent spouse and/or child.

'Dependent child' has the same meaning as in the *Social Security Act 1991* of the Commonwealth.

If a student has applied for but not received their concession card, they may instead provide a letter or temporary card issued by Centrelink that confirms they have applied for and been approved for a concession card. They must then provide RMIT with a copy of their health care card once it has been issued.

2.10.8.2. Judy Lazarus Transition Centre, Community based orders and Skills First Youth Access Initiative

RMIT must not charge a tuition fee for enrolment by a person who is:

- from the Judy Lazarus Transition Centre (as a prisoner within the meaning of the Corrections Act 1986). (A copy of written confirmation from the management of the Judy Lazarus Transition Centre that the individual meets the requirements must be retained.) Or,

- required to undertake the program pursuant to a community based order made under the *Children, Youth and Families Act 2005*. (A copy of written confirmation from the relevant Youth Justice Unit of the Victorian Department of Justice and Regulation that the individual meets the requirements must be retained.) Or,

- an individual referred with a validly endorsed referral form from either the Department of Health and Human Services, the Department, the Department of Justice and Regulation, or a referring agency (a referring agency is an organisation that is contracted by the Department of Health and Human Services or the Department of Justice and Regulation to deliver child protection or youth justice support services)

Evidence listed above must be lodged with the *Application for vocational education fee concession and exemption* form.

2.10.8.3. University Discretion

Authority to grant a university discretion concession is delegated to the Academic Registrar.

RMIT is permitted to grant a concession on a tuition contribution where RMIT considers that its collection in full would impose extreme financial hardship. This may include a further concession on, or exemption from, the concession charge*.*

2.10.8.4. When to apply for a concession

Students must apply **each academic year** and need to apply before the scheduled class start date.

If the student applies after the scheduled class start date then their concession or exemption will be applied to the next eligible class in which they are enrolled and all other eligible classes that have not yet commenced, for 12 months.

Students can apply for a fee concession **before they are enrolled**. They do not need to be enrolled in the program for the concession to be recorded. They only require an RMIT student number, which they will receive upon admission to their program. Students can contact their RMIT School for information about class start dates.

Concession fees are not available for diploma and advanced diploma programs. However, Indigenous students can access fee concessions for all vocational education programs at all levels.

Eligible students under the JobTrainer Fund have access to low fee training in all JobTrainer programs and will be charged a concession fee of 20% of the standard government subsidised tuition fee for their program. This concession applies to enrolments at any level, including diplomas and advanced diplomas. See section 2.10.3.

2.10.8.5. How to apply for a concession

If you are the named concession card holder you can apply via Enrolment Online. If you are listed as a child or dependent, you need to apply at RMIT Connect. For more information, visit **rmit.edu.au**/programs/fees/vocational/concession.

2.10.9. Interstate apprentices and trainees

For interstate apprenticeships, a contract signed between RMIT and the relevant State Training Authority must be in place. To facilitate this, the State Training Authority provides their contract for RMIT to sign.

Each apprentice must have a Training Contract signed by their employer that specifies the program and RMIT as the RTO.

More information is available from the RMIT apprenticeship and traineeships website **rmit.edu.au**/programs/apps-trainees or at **training.gov.au**.

2.11. Vocational education fees for recognition of prior learning (RPL) and recognition of current competency (RCC)

2.11.1. Recognition of prior learning (RPL)

RPL is a process through which students can gain credit in recognised courses based on competencies gained.

The competencies may have been gained through experience in the workplace, in voluntary work, in social or domestic activities or through informal or formal training or other life experiences.

Students can apply for RPL for the courses in their program of study, from a minimum of one course to a maximum of all courses in the program. Applications for RPL should be made as early as possible preferably before the first day of teaching in your first semester.

In 2021, vocational education RPL fees for government subsidised, domestic full-fee and international students are equivalent to the standard tuition fees for the course(s) for which RPL is sought.

RPL does not include any additional training required to achieve a competency. If a student requires additional tuition before they can achieve RPL, they may apply for admission to their chosen program. Learn more at **rmit.edu.au**/programs/fees/vocational/rpl.

2.11.1. Recognition of current competency (RCC)

Recognition of current competency (RCC) is where a previously completed accredited qualification is assessed in circumstances where it may have expired or where they have not been practising.

Anyone who has previously successfully completed the requirements for a unit of competency or module and is now required to be reassessed to ensure that the competence is being maintained can apply for RCC.

Costs will be determined on a case-by-case basis.

2.12. Vocational education domestic and international full-fee paying

RMIT offers a number of places in vocational education programs on a full-fee basis.

Students who are ineligible for a Victorian Government subsidised place or who are repeating a government subsidised course they have previously passed may enrol as full-fee students.

The tuition contributions, concessions and exemptions outlined in section 2.10 do not apply to full-fee enrolments.

Appendix 2 provides a list of the average annual 2021 tuition fees for all vocational education programs for domestic full-fee students.

2.12.1. Vocational education fees for international students

Appendix 3 of this document tabulates the average annual 2021 tuition fees applicable to students studying under a student visa arrangement (classified as 'international onshore' students).

2.13. Change in citizenship or residency status

International students studying in Australia who change their citizenship or residency status during the course of their study, and become an Australian citizen or permanent resident, may be entitled to pay fees at the same rate as domestic students, depending on the timing of the change in status and when the student notifies RMIT.

Please note: depending on the established fees for individual programs, changing citizenship or residency status may not necessarily result in a reduction in fees.

For a change in citizenship/residency status to be recorded, the student must submit a *Notification of change to citizenship/residency status* form, with evidence of their new citizenship or residency status to RMIT Connect in time to be processed before the relevant date, as defined below.

The relevant date is:

- for higher education students, the applicable census date
- for vocational education students, the first scheduled class start date in the applicable semester

If the student submits their change in status with accepted evidence to RMIT **before** the relevant date, the student will be eligible for a refund of any difference between the international tuition fee and the relevant domestic fee. They will then be liable for the domestic fee for their program from the date their change in status is applied to their record.

If the student submits their change in status with accepted evidence to RMIT **after** the relevant date, the student will not be entitled to a change in fee place for the current study period. In these circumstances, for higher education students, the change will be applied to classes for which the census date has not yet passed. For vocational education students, the change will be applied only when there is a period in which there is a break where all scheduled classes have ended and the next classes have not yet started.

The student will be charged the domestic fee for their program from the semester their change in status is applied. Any International tuition fees paid for future semesters, where a change in status has been applied, will be credited to the student account.

Note: students whose change of status means they may be eligible to access a HELP loan or a VET student Loan are responsible for ensuring they meet all relevant criteria and submit their electronic Commonwealth Assistance Form via the government portal by the relevant census date to access a loan (see section 2.6.7).

Students should be mindful that invitations to access the Government eCAF portal are issued by the Australian Government and RMIT is not able to facilitate loans after the census date in any circumstances.

2.13.1.   Vocational education students

Vocational education students granted Australian citizenship or permanent residency status will be granted a government subsidised place when:

- their program offers government subsidised places, and
- they can prove they meet the Skills First program eligibility criteria. Students must complete an Evidence of student eligibility declaration in Enrolment Online, and
- subject to availability

If they do not meet the Skills First eligibility criteria, they will be granted a domestic full-fee place.

2.13.2. Higher education students

Higher education coursework students granted Australian citizenship or permanent residency status will be granted a domestic full-fee place. If the student wishes to study in a Commonwealth Supported Place (CSP) after their status has changed, they must re-apply to RMIT at the next intake for a CSP in their current program and their application will be considered on a competitive basis along with other applicants.

Higher education research students who are granted Australian citizenship or permanent residency may be granted a Commonwealth Research Training Program place. See section 10.

3. Student services and amenities fees (SSAF)

The SSAF is used to maintain and enhance services and amenities, both on-campus and online, that improve the experiences of RMIT students.

The maximum annual fee is determined each year by the Australian Government.

In 2021, higher education and Foundation Studies students will be charged on a pro-rata basis at the rate of $3.27 per credit point for each course they are enrolled in, up to a maximum of $313.00 for the year.

Vocational education and Victorian Certificate of Education students will be charged on a pro-rata basis at the rate of $0.44 per nominal student contact hour, up to a maximum of $313.00 for the year.

If a vocational education student is eligible for a concession on their tuition fees, they are also eligible for a concession on the SSAF. In 2021 the SSAF concession rate is $0.09 per nominal student contact hour.

Eligible higher education students can apply to defer payment of this fee via the SA-HELP scheme (see section 2.6). For more information, visit **rmit.edu.au**/programs/fees/ssaf.

3.1. Students charged the SSAF in 2021

Students studying in any coursework program taught by RMIT Australia, and who are charged tuition fees by RMIT Australia, will be also charged the SSAF based on their enrolment.

This includes students studying in the Free TAFE and JobTrainer initiatives, where the Victorian Government covers some or all of a student's tuition fees, and outbound exchange students who remain enrolled at RMIT (i.e. RMIT students studying at an overseas institution with which RMIT has a formal reciprocal agreement).

3.2. Students not charged the SSAF in 2021

- Continuing domestic higher degree by research students in a Research Training Program (RTP) place
- Offshore students studying at an RMIT partner institution outside Australia
- Exchange students coming to RMIT from another institution
- Cross institutional students, including:
    - o   inbound students studying at an RMIT campus in Melbourne

- o   outbound students (i.e. RMIT students attending another institution in Australia)
- Study Abroad students, including:
  - o   inbound students studying at an RMIT campus in Melbourne
  - o   outbound students attending an overseas institution with which RMIT has no formal reciprocal agreement
- Industry sponsored students pursuant to the terms of their individual agreements
- Vocational education students who are asylum seekers

4.   Materials fees

Materials fees include fees or charges associated with field trips and goods that are used to produce items that become the physical property of students.

Materials fees may only be levied with a student's signed consent. These fees are not compulsory (excluding fees for flight training courses) and students may choose to purchase these items independently.

The annual materials fee schedule is published at **rmit.edu.au**/programs/fees/other prior to the commencement of enrolments for the following year.

The fees approved for 2021 have been reviewed to ensure consistency with the prevailing government guidelines. Appendix 7 provides a list of the materials fees for 2021.

5. Administrative fees

RMIT administrative fees cover specific additional services provided to students.

In addition, a number of fees have been approved that can be levied against a student's account as a fine or penalty when university regulations are broken, or borrowed goods are not returned. These fees are principally levied as a disincentive.

Appendix 8 details a full list of administrative fees and charges. This list is also published at **rmit.edu.au**/programs/fees/other.

For some administrative fees and charges, information about how they will be levied is noted below.

5.1.   Late enrolment fee

Higher education students who fail to re-enrol by their specified time and date, and who subsequently receive approval to re-enrol late, will incur a late enrolment fee of $220.00.

The late resolution of any outstanding debts will not be considered as justification for waiving the late enrolment fee.

Appeals against the late enrolment fee must be directed to the Associate Director, Enrolment and Student Records in writing with documentary evidence (e.g. medical certificate) in support of the student's application.

For more information visit **rmit.edu.au**/students/student-essentials/enrolment/late-enrolment.

Fee code	2021 fee incl GST	Description of fee
ADM43	$220.00	Late Enrol Fee – STEM College

Fee code	2021 fee incl GST	Description of fee
ADM44	$220.00	Late Enrol Fee – DSC (College of Design and Social Context)
ADM46	$220.00	Late Enrol Fee – BUS (College of Business and Law)

5.2. Fines and charges fees

5.2.1. Library loans

To ensure fair access to RMIT resources for all Library users, fines and penalties apply for the late return of items.

The Library will renew item loans automatically, unless there is a hold request, or a student reaches a maximum borrowing time of 12 months (3 months for CAVAL borrowers).

Fee code	2021 fee incl GST	Description of fee
ADM16	$0.50 per item for each day the item is overdue and $5.00 per hour for overdue Reserve material	Fine for overdue materials
AF1	Variable	Replacement charge for lost materials, based on actual costs as defined by the library

5.2.1. Overdue loans

The following penalties apply to students for the late return of Library items.

Items less than 90 days overdue:

- borrowing rights will be suspended at all RMIT University Library sites

- students will be fined $0.50 per day for each overdue item (Reserve material will be charged at $5.00 per hour)

- students will not be able to pick up holds or borrow from RMIT Libraries until they:
    - return overdue items through the chute and wait for the Library to clear them from their record
    - pay in full any accumulated overdue fines that reached $25 and above

Items more than 90 days overdue:

- the item will be treated as lost and students will have replacement costs and overdue fees (50 cents per day) charged to their library account

- if the student returns the item before it becomes 180 days overdue:
    - the Library will waive the replacement cost
    - the student will still need to pay the overdue fees in full before the Library can clear their account

Items more than 180 days overdue:

- the Library will remove the item from the student's record

- the Library may buy the replacement

- the student will need to pay replacement costs and other associated library fees in full before the Library can clear the student's account

● the Library will not accept returns of items after 180 days.

Please note: the replacement cost is based on actual costs as defined by the Library.

Visit **rmit.edu.au**/library/borrowing-and-collections/membership-borrowing-and-returns for more information.

5.2.2. Car parking fees

RMIT provides students with casual and permit parking options at its City, Brunswick and Bundoora campuses.

Detailed information about campus parking and the rates that apply are available at **rmit.edu.au**/students/support-and-facilities/campus-facilities.

Instructions on how to apply for a parking permit are included in the following table:

Campus	How
City	RMIT's commercial car park in Building 91 (110 Victoria Street) is independently managed by Care Park. Care Park can be contacted at cpsales@carepark.com.au or 03 9682 1733. Fees apply.
Brunswick	Parking at the Brunswick campus is free. However, students must register for a permit and access to the boomgates. Students can register for a permit online through the EasyPark system by visiting **rmit**.easyparksystem.net/permit-ss. After registering, to have access to the boomgates added to their student card, students should email their EasyPark receipt and the serial numbers on the back of their student card to rmitsecurityaccessrequest@rmit.edu.au. **Short course students** Parking barcodes will be sent to students with their course confirmation. Students who have not received their parking barcode should contact **shortcourses.fashionandtextiles@rmit.edu.au**.
Bundoora	Students can register for a bi-annual or annual parking permit online through the EasyPark system at **rmit**.easyparksystem.net/permit-ss. Fees apply. Casual parkers can pay for parking via the free EasyPark app, which is available to download from the Apple App Store and Google Play and only charges for the actual time spent on campus. Service fees may apply. Casual parking tickets can also be obtained from parking meters throughout the car park and must be displayed on the dashboard. If a ticket machine is out of order, users are responsible to find an alternate machine.

5.2.3. Car parking fines

Students are required to observe parking regulations on campus and are likely to be issued a Parking Infringement Notice (PIN) / fine if they breach parking regulations.

Failure to purchase a permit or pay a parking fine will have the same consequences as not paying any other student fee (see section 8).

For more information, visit **rmit.edu.au**/students/support-and-facilities/campus-facilities.

5.3. Special administration services

Students enrolled at RMIT will receive administration services such as confirmation of enrolment and online tax invoicing without charge.

All RMIT students also receive one award transcript free of charge after conferral. The additional special services listed in this section may be provided on application.

Fee code	2021 fee incl GST	Description of fee
ADM5	$170.00	Replacement certificates, parchments or testamurs
ADM42	$200.00	Non-return of Academic Gown
ADM55	$100.00	Hire of academic dress other than for the graduation ceremony.
ADM137	$30.00	Fee for letter requested by student. Acts as a financial disincentive to ensure only genuine requests are made.

5.3.1. Administrative fees applying to international students

A non-refundable application fee (ADM14) is payable by international students who submit an application to undertake an RMIT program.

In addition, an international student may request an additional administration service of an airport pick up (ADM12, ADM167) on their arrival in Melbourne.

These and other special administrative charges for international students are noted in the following table.

Fee code	2021 fee incl GST	Description of fee
ADM12	$100.00	Tullamarine Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM167	$100.00	Avalon Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM14	$100.00	Application fee for prospective international students.
QP46	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund. Note: See QP60-QP63 for Foundation Studies withdrawal fees. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8.

5.3.1.1. Overseas Student Health Cover (OSHC)

All international students holding an Australian student visa are required to maintain valid OSHC with an approved OSHC provider.

Students will not require OSHC if they are:

- a Norwegian student covered by the Norwegian National Insurance Scheme

- a Swedish student covered by the National Board of Student Aid or by Kammarkollegiet

- a Belgian student covered under the Reciprocal Health Care Agreement with Australia

- studying for less than three months on a visitor or tourist visa. You will not be eligible for OSHC and are advised to purchase Overseas Visitors Health Cover or comprehensive travel insurance

- an Australian Government scholarship student

The Department of Home Affairs (DHA) has implemented mandatory Visa Length Cover as a requirement for all student visa applications. This means students must show DHA that they have OSHC for the **entire** proposed duration of their student visa.

Masters by research and PhD students

DHA provides an 'increased visa period' to all international students applying for a new visa subclass 574 (Master by research or PhD). The visa period increases by a further six months after a student's completion date. Therefore, a student will need to ensure they have valid OSHC for the full increased visa duration.

Medibank Overseas Student Health Cover

RMIT will arrange visa-length cover with its preferred OSHC provider Medibank Private, and payment of OSHC needs to occur at the time of accepting an offer. Students can also arrange cover through other approved OSHC providers.

For more information, visit **rmit.edu.au**/international/oshc.

5.3.2. Administration fees applying to Open Universities Australia (OUA) students

Excluding undergraduate students enrolled in a CSP, OUA students are charged tuition fees directly by OUA, not RMIT. RMIT charges fees to OUA students directly for additional services provided to OUA students.

For more information about OUA please visit its website **open.edu.au**.

The following fees are applicable for the 2021 year:

Item	2021 fee incl GST
OUA - Degree Registration Fee (ADM81 BUS, ADM82 STEM, ADM83 DSC)	$120.00
OUA - Credit Transfer Fee (ADM84 BUS, ADM85 STEM, ADM86 DSC)	$60.00
OUA – Combined fee for assessment of credit and registration (ADM142 DSC, ADM143 STEM, ADM144 BUS)	$180.00

6. Childcare Centre fees

RMIT provides a childcare service to students via the City Campus Children's Centre. Failure to pay childcare service fees by the due date may result in the application of penalties, or the withholding of services as outlined in section 8.

Visit RMIT's **Childcare webpage** for information about the centre's policies and prices.

7. Bundoora on-campus accommodation

RMIT has student accommodation at its Bundoora campus offering great facilities and a community environment.

Pricing for UniLodge@RMIT Bundoora, also known as Walert House, is available at **rmit.edu.au**/students/support-and-facilities/student-support/accommodation.

A student who fails to pay their UniLodge@RMIT Bundoora accommodation fees by their due date will be subject to the penalties and/or the withholding of services as outlined in section 8 below.

8. Debtors – overdue balance and penalties

RMIT students are required to pay their fees by the due date shown on their tax invoice, as agreed to in the Statement of Student Responsibilities. For more information, visit **rmit.edu.au**/students/student-essentials/rights-and-responsibilities/student-responsibilities/statement.

Each charge has a due date and some dates may vary. It is a student's responsibility to keep track of their due dates.

Students can check the 'Summary of Charges by Due Date' section in the Account Statement of their Tax Invoice or logon to their online account to see how much they need to pay by when (see section 9).

8.1. Debtor restrictions

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date. They may also have their enrolment **cancelled** (see section 8.2).

Debtors cannot enrol, add classes, obtain a transcript of results or Statement of Academic Completion, view their academic history (results) via Enrolment Online or receive an award (graduate) until the debt is paid in full.

Therefore, it is important for students to dispute a fee as soon as possible if they think they have been incorrectly charged.

8.1.1. Fee disputes

Students who wish to dispute a fee must contact RMIT Connect as soon as possible. Submission of any supporting documents must be sent from their RMIT student email account and should include their Student ID (example: s1234567) in all correspondence.

Once their email is received, their disputed charge will be suspended until RMIT completes its investigation.

If after investigation the student is found liable for the fee/s, they will be required to make immediate payment.

8.2. Cancellation of enrolment due to non-payment

If a student does not pay their tuition fees of $500.00 or more by the due date, RMIT is entitled to cancel their enrolment in all current programs.

If a student's enrolment is cancelled they will:

- be cancelled in all of their current programs even if they have paid (or have an approved HELP loan) for the other program/s they are enrolled in
- still have to pay the tuition fees for any course they have already received a grade for or that has already finished and any materials or other fees e.g. library fines, and these fees will be referred to a debt collection agency (see section 8.2.1)
- have to reapply to RMIT if they wish to continue their studies in the cancelled program/s

8.2.1. Referral to debt collection

If a student has more than $500.00 of unpaid tuition fees in their account after the due date and their enrolment is cancelled, the fees listed below will be referred to a debt collection agency:

- tuition fees of $500.00 or more for a course for which they have already received a grade, or if the course has finished
- tuition fees of $499.99 or less
- all materials and other fees e.g. library fines

Students who are referred to a debt collection agency will incur additional costs and their personal credit rating may be affected.

RMIT will contact students who have overdue charges by email and letter, to request that they pay these charges immediately.

Once a debt has been referred to an external debt collection agency, all verbal and written communication will come from the agency. The student will continue to receive communication from RMIT for any charges that have not been referred to the agency.

8.2.2. HELP loan applicants

Students who have their enrolment cancelled because they did not pay their tuition fees by the due date will have their enrolment cancelled in all current programs, even if they have an approved HELP loan for the other program/s that they are enrolled in.

8.2.3. Cancellation of enrolment review process

If a student has their enrolment cancelled by RMIT due to non-payment of their tuition fees, they may be permitted to be reinstated and re-enrolled if they are able to make full payment of all outstanding fees within 14 days of their cancellation.

International students under the age of 18 must make full payment within 7 days of their cancellation in order to be reinstated and re-enrolled.

All international students on a student visa should be advised that reinstatement will require confirmation that they are not in breach of the conditions of their visa.

RMIT Online students must request reinstatement within 5 days of cancellation of their enrolment.

Reinstatement into a program cancelled due to non-payment is only permissible on one occasion, and a $275.00 administration fee applies (ADM140).

8.2.4. Student visa implications

An international student on a student visa subject to the ESOS Act who has their enrolment cancelled will be reported to the Department of Home Affairs (DHA), and the student may have to leave Australia. The student's visa may be cancelled by DHA as a result of the student failing to maintain enrolment.

8.3. Financial assistance

If a student is having trouble paying their fees, RMIT recommends the following options that students contact a Student Wellbeing Advisor to discuss what financial assistance may be available.

Students may also:

- reduce their fees by varying their enrolment
- apply for a leave of absence for a semester, or
- if they cannot afford their tuition fees, they may need to cancel their enrolment

8.3.1. Fee extension

In exceptional circumstances that exist outside a student's control and subject to the approval of the fee extension panel, a student may enter into a tuition fee payment extension arrangement with RMIT.

Students who meet the eligibility criteria must provide supporting documentation to RMIT Connect as soon as possible and no later than **7 days prior** to the charge due date, as detailed on their tax invoice.

Payment extensions will only be permitted for tuition fees - all other charges must be paid in full by the due date as listed on the student tax invoice. Applications will then be assessed and an outcome provided to the applicant.

Where a fee payment extension has been granted and the fees are not paid by the agreed date(s), the student's enrolment may be **cancelled**.

Students in a CSP are ineligible for a fee payment extension, even if they do not meet the eligibility criteria for a Commonwealth loan scheme (see section 2.6.10).

9. Payment of fees and charges

Prior to the start of the 2021 academic year, students who have enrolled will receive an invoice detailing all of their fees and charges for the following year. Students will receive an additional invoice each time they vary their enrolment or incur any additional charges.

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date(s). They may also have their enrolment **cancelled.** See section 8 for more information.

9.1. Tax invoices

Students can access their RMIT financial details and view their latest and past invoices by logging into myRMIT (**rmit.edu.au**/myrmit) and navigating to the Enrolment Online page.

Students will have a notification email sent to their RMIT student email account and their personal email account recorded with RMIT when their tax invoice is available to view online. Students are required to regularly check and read all RMIT messages.

They will also receive an up-to-date invoice whenever there is activity in their account, e.g. they make a payment, drop or add a course.

During this overnight process a PDF of their latest tax invoice will be uploaded to Enrolment Online and a copy sent to their RMIT student email account and their personal email account recorded with RMIT.

More information about tax invoices is available at **rmit.edu.au**/students/taxinvoice.

9.2. Payment options

Students can find payment options in their online account, on the *Paying your fees* webpage at **rmit.edu.au**/students/payment and on their tax invoice.

Students should allow at least three business days prior to the due date for an electronic payment to be transferred to their RMIT account.

10. Discounts, fee waivers and scholarships

The Higher Education Support Act 2003 does not permit universities to apply discounts or waive tuition fees for full-fee students.

The only exception to this requirement is in the instance of domestic Research students who are enrolled in a Commonwealth Research Training Program place. However, universities may award full-fee students a scholarship to pay all or part of their tuition fees.

10.1. Scholarships

A wide range of scholarships are available to assist students while undertaking study at RMIT. Many of these have been established to assist students in specific circumstances.

For further information, please contact the Scholarships Office or visit the website **rmit.edu.au**/students/life-and-work-opportunities/scholarships.

10.2. Authorisation/approval of partial scholarships

Applications for a partial scholarship are only permissible if the *Tuition fee partial scholarship* form is completed, approved and signed-off by the relevant Dean, College Director, Planning and Resources or equivalent funding the scholarship.

Partial scholarships can be granted on the basis of compassionate, marketing, staff and other grounds, or be used to correct university errors and support research efforts.

Staff can learn more at **rmit.edu.au**/staff/services-and-tools/professional-services/finances (staff login required).

11. Refunds

The refund rules in this section apply to programs delivered by RMIT Australia and RMIT Online. They do not apply to programs delivered by RMIT English Worldwide (REW), RMIT Vietnam or in partnership with other education providers.

Please visit **rmittraining.com**/academic-english for the complete REW refund and transfer of fees guidelines.

For students enrolled with a partner institution, the policy and processes of the partner institution on refund of fees and remission of debt apply.

11.1. Domestic and continuing international students

11.1.1. Domestic student

A **domestic** student is a student who is:

- an Australian citizen, or
- a New Zealand citizen, or
- a holder of an Australian Permanent Residence visa, or
- a holder of an Australian Permanent Humanitarian Visa

11.1.2. Continuing international student

A **continuing international student** is:

- an international student (including a holder of a student visa, bridging visa or temporary visa) who has successfully studied in the first semester of their current program and their results have been officially released, or
- an international student who has been granted a Leave of Absence

11.2. Commencing international students

A **commencing international student** is a student who:

- holds or intends to apply for a student visa, bridging visa* or temporary visa*, and
- is yet to enrol, or
- is withdrawing from study in the first semester of their program and was studying onshore or studying online offshore and has been issued a CoE

*Note: Commencing international students who hold a bridging visa or a temporary visa other than an international student visa will have their refund applications assessed according to the refund rules for domestic students (see section 11.7).

11.3. International offshore students

International students studying offshore who are charged tuition fees by RMIT Australia or RMIT Online will have their refunds assessed in-line with the rules that apply to domestic and continuing international students.

11.4. RMIT Online students

Domestic and international (commencing and continuing) students enrolled in a degree with RMIT Online will have their refunds assessed based on the rules in 11.7 Table A.

Course deferral and withdrawal information for students enrolled in a short course with RMIT Online is available at **online.rmit.edu.au/faq?**.

11.5. Granting of permanent residence

International students studying in Australia who change their citizenship or residency status during the course of their study, and become an Australian citizen or permanent resident, may be entitled to pay fees at the same rate as domestic students, depending on the timing of the change in status and when the student notifies RMIT. See section 2.13.

11.6. Applying for a refund

Credit balances within student accounts will not be remitted automatically. For more information about refunds and to apply for a refund online, visit the **refunds webpage**.

11.6.1. Eligibility for a refund

A refund can only be paid when:

- the University has received the money that is to be refunded and the funds have been cleared to the student's account, and
- there is an available credit balance and that credit balance is the result of a payment, and
- the credit has not already been allocated to other outstanding student fees, and
- the application for refund form has been submitted within 12 months of payment (however, applications due to visa refusal will be accepted at any time)

Any credit amount shown may be less or more than the money currently owed to RMIT. When applying for a refund, the actual refundable amount available at that time is assessed. After the assessment has been completed, the refund amount will be paid.

Correct and complete applications for a refund will be processed within 20 working days of receipt.

If an international student who has paid an acceptance deposit reduces their study load in the first semester of their program, they will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester and the tuition fees charged. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges.

If the student has successfully completed the first semester of their program and their results have been officially released, their refund request to claim the difference can be assessed and processed based on the guidelines applicable to continuing international students. See section 11.7.

If an international student cancels their current program before their result(s) have been officially released, their refund will be assessed and processed based on the guidelines applicable to commencing international students. See section 11.8.

Commencing international students who hold a bridging visa or a temporary visa other than an international student visa will have their refund applications assessed according to the refund rules for domestic students. See section 11.7.

11.6.2. Ineligibility for a refund

A refund will not be available where a student:

- owes RMIT outstanding fees
- has remaining school allocated print credit
- has had their student visa cancelled during the semester for breaching visa conditions (international students only)
- has cancelled or had their enrolment cancelled by the University, and
    - the grades have been entered, or
    - the course end date has passed, or
    - the student was in breach of enrolment conditions

Where a student's request for refund of fees is denied, the response will state the reasons for the decision and inform the student of their right to appeal.

11.6.3. Incomplete refund application

RMIT will allow 10 working days for additional documentation or information to be provided to support an application for refund if required. The application will be closed if the required information is not received within this timeframe. A new refund submission will be required after this time.

11.6.4. Refund payment

RMIT will process refunds using the same payment method as the original payment.

Where the payment was via a credit card, the funds will be returned to the same credit card used for the original payment.

Refunds that are processed via Electronic Funds Transfer (EFT) will be paid into the student's nominated bank account. It may take up to 6 weeks to for a refund payment to reach an overseas bank account.

RMIT reserves the right to request proof of payment and is not liable for any variance from foreign exchange rate fluctuations.

RMIT refuses to process a refund application when a discrepancy in the transferred amount and the issued invoice has been identified. RMIT may ask the student to contact their bank to submit a reversal payment request from their bank in order to assess the refund request.

11.6.5. Refund of materials fees

Materials fee refunds for goods, excursions and global intensives are at the discretion of the relevant teaching school.

Refunds for materials fees cannot be processed until the school approves the removal of charges. An administrative fee may also be charged for late withdrawal from an excursion or global intensive. More information about materials fees is available at **rmit.edu.au**/programs/fees/other.

11.6.6. Refund of Overseas Student Health Cover

Commencing international students:

- A student who has not commenced any program with RMIT is eligible for a full refund of Medibank OSHC fees paid at their time of acceptance (arranged by RMIT)
- A student who has enrolled and commenced study in Australia may be eligible for a partial refund of Medibank OSHC fees paid to RMIT if their enrolment is cancelled prior to census date

A partial OSHC refund will be calculated by the length of study completed and the length of OSHC policy remaining.

A student with OSHC arranged directly with a provider will be responsible for arranging a refund with their provider.

Continuing students must contact their healthcare provider to arrange a full or partial refund of their OSHC.

11.6.7. Application fees

Application fees are non-refundable, but if a student's application is successful the application fee will be credited to their tuition fee deposit once they accept their offer and commence their program.

11.6.8. SA-HELP

Students who withdraw on or before census date will not be liable for the SSAF previously applicable to their enrolment. If a student opted for SA-HELP, they will no longer be liable.

If a student has not opted for SA-HELP and they paid their SSAF up-front to RMIT, the student's account will be re-credited for the SSAF amount paid up-front and they can apply for this credit to be refunded.

Students who withdraw after the census date will remain liable for the SSAF for that semester. If a student opted for SA-HELP, the SSAF deferred to SA-HELP is not refundable after the census date. There is no remission of debt in special circumstances for SA-HELP.

11.6.9. Remission (removal) of debt in special circumstances

A Commonwealth supported student may be eligible for:

- remission (removal) of their VET Student Loan, HECS-HELP or FEE-HELP debt for a course, and/or
- a refund of their up-front payment of a student contribution for a course

if:

- circumstances outside their control prevented them from passing the course, and
- the circumstances arose or their full impact became apparent on or after the course census date, so they were unable to withdraw before the census date, and
- they hadn't already clearly failed the course at the time the circumstances arose

Information on how to apply is available via the *Application for remission (removal) of debt in special circumstances form*, available at **rmit.edu.au**/students/student-essentials/forms.

There are no provisions under the Higher Education Support Act 2003 to have a debt remitted if students have already successfully completed the unit of study.

11.6.10. Removal of debt in special circumstances

An international student or a student who has not taken out a FEE-HELP or VSL loan may be eligible for:

- removal of their tuition fee debt

if:

- circumstances outside their control prevented them from passing the course, and
- the circumstances arose or their full impact became apparent on or after the course census date, so they were unable to withdraw before the census date, and
- they hadn't already clearly failed the course at the time the circumstances arose

Information on how to apply is available via contacting RMIT Connect to obtain the *Application for removal of debt in special circumstances form*.

There are no provisions to have a debt remitted if students have already successfully completed the unit of study.

11.7. Table A: Refund assessment for domestic and continuing international students

Students who have paid fees up front and then have variations to their enrolment that result in their RMIT student customer account being re-credited may apply to have this credit balance refunded.

Reason for refund	Timing	Refund amount	Notes
Student withdraws from Program after failure to meet offer letter conditions	After census	No refund	
Apply for a Leave of Absence	After census	No refund	
Student withdraws from Program following a leave of absence	After census	No refund	The *Cancellation of program enrolment* request and any supporting documentation must be submitted along with the refund application.
Student withdraws from Program or drop a course(s)	After census	No refund	

Reason for refund	Timing	Refund amount	Notes
Student is granted permanent residence status	After census	No refund	Student must submit a *Notification of change to citizenship/residence status* form to RMIT Connect before applying for a refund of any credit that may occur due to a difference between their program's international and domestic tuition fee.
Student who is excluded from RMIT due to misconduct	After census	No refund	
RMIT cancels program or program ceases to be provided	After census	Full refund	
Print Credit	Any time	Full refund available pending assessment	A refund will not be available where a student has remaining school allocated print credit
Application fee	Any time	No refund	A non-refundable application fee is payable by international students who apply to undertake an RMIT program.
RMIT has not provided program in full	After census	Full refund	
Student has overpaid fees	After census	Full refund	If an International student (including a holder of student visa, a bridging visa or a temporary visa) reduces their study load in their first semester of study, the student will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester as a deposit and their tuition fees charged. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges. A refund will not be assessed until their official result(s) of their first semester have been released. The offer deposit outlines how much is required to accept an offer to study at RMIT. Any additional payments to the offer deposit are considered an overpayment. If part of the acceptance deposit is unallocated and sitting as a credit, this is not considered an 'overpayment'.

Reason for refund	Timing	Refund amount	Notes
Enrolment is cancelled due to non-payment	After census	Full refund	Student are liable for the tuition fees for any course they have already received a grade for or that has already finished and any materials or other fees (e.g. library fines), and these fees will be referred to a debt collection agency.
Compassionate or compelling circumstances which prevent the student from passing a course	After census	Full refund is available pending assessment. SSAF cannot be refunded see 11.6.8.	An application must include a personal statement of the student's special circumstances and independent supporting documentation to demonstrate that: - the student was unable to complete or pass the course because of special circumstances (medical, psychological, family/personal reasons, employment-related reasons) - the special circumstances did not make their full impact, or their full impact was not apparent, until on or after the census date in the course - the special circumstances were beyond the student's control

11.8. Table B: Refund assessment for commencing international students

1. Where a refund application contains untrue or inaccurate information the applicant may be asked to re-apply for the refund or the application may be denied
2. If the applicant is unable to provide any required documented evidence the applicant may only be eligible for a partial refund or the application may be denied.
3. A student who has enrolled and intends to withdraw from all study, must cancel enrolment before the census date to be eligible for a refund.
4. The application for refund submission date will be recorded as the date of enrolment cancellation or the date of an application for release and used for refund calculations. When a student has not yet enrolled, the submission date of the application for refund will be recorded as the date the refund application is submitted.
5. Students who received an offer letter on or before 4 May 2021 will have refund applications assessed according to the **Enrolment Processes: Refund of Fees procedure**. Students who received an offer letter on or after 5 May 2021 will have refund applications assessed according to the annual **Approved Schedule of Fees and Charges** for their offer letter year of issue.
6. Students who accept a package of programs including an offer for an English for Academic Purposes may not be eligible for a refund of English fees. RMIT English Worldwide (REW) will make the decision on a student's eligibly for a refund or English tuition fees. See REW's **Refund and Transfer of Fees Guidelines** for more detail.

11.9. International student appeals against a refund decision

A student may appeal a refund decision where they can provide new supporting documents for a refund application. An appeal must be submitted within 20 working days of the refund decision notification.

12. Tuition Protection Scheme

RMIT is bound by the Australian Government's **Tuition Protection Service** (TPS) framework and maintains a statutory obligation to report any provider or student default to the TPS Director and to the TPS Secretary.

12.1. Provider default

A provider default occurs when:

- RMIT does not begin a course to the student at the location on the agreed starting day or the course is discontinued at the location after commencing and the enrolled student has not withdrawn from the course before the default day.

In the instance of provider default, tuition protection obligations must be met within 14 days of default.

12.1. Student default

A student default occurs when:

- the course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn), or
- the student withdraws from the course at the location (either before or after the agreed starting day), or
- the registered provider of the course refuses to provide, or continue providing, the course to the student at the location because of one or more of the following:
  - the student failed to pay an amount payable to the provider for the course
  - the student breached a condition of his/her student visa
  - misbehaviour by the student (Note: the student is entitled to natural justice under subsection 47A(3))

In the instance of a student default, RMIT must complete payment of a refund within 4 weeks of a complete refund request submission date.

13. Financial liability

1. The financial liability of a student's enrolment will remain unless the student varies or formally cancels their enrolment by the appropriate date.
2. Withdrawal from a course or program using Enrolment Online, lodgement of an approved *Enrolment variation*, *Leave of absence* or *Cancellation of program enrolment* form with RMIT or RMIT Training are the only mechanisms to withdraw from a course or program of study (see section 1.2).
3. Failure to lodge the appropriate request before the deadline will result in the tuition liability remaining and the appropriate debt recovery actions will be enforced.
4. The financial liability of a student's enrolment will remain unless an *Enrolment variation*, *Application for leave of absence* or *Cancellation of program enrolment* request is submitted by the census date.

5. No changes to enrolment will be made after the census date unless there is evidence of a university error.

6. Cancellation of program enrolment by the census date does not exempt commencing international students from financial penalties such as administration fees and withdrawal penalties specified in the refund rules. If a commencing international student meets the criteria for a refund for a future program but owes RMIT fees, the holding deposit will reduce the debt owed to RMIT by the refund entitlement amount.

7. There will be no financial tuition fee liability for continuing international students and domestic students who formally cancel their program enrolment by the applicable census date.

8. All students may be liable for materials fees at the discretion of their school. These fees will be advised to students before enrolment, will comply with government requirements and will have been approved by RMIT as per the Approved Schedule of Fees and Charges.

9. Students will be liable for any outstanding library fees or late fees for previous late payments.

10. Students who owe RMIT outstanding fees will not be eligible for a refund.

11. Cancellation of a student's program enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar.

Appendix 2 – Domestic vocational education government subsidised & full-fee program fees

1. Nominal hours may vary depending on electives chosen by student.

2. The student tuition fees as published are subject to change given individual circumstances at enrolment. These are tuition fees only, and do not include the SSAF or any materials fees that may apply.

3. Students may be entitled to a concession on their tuition and student services and amenities fees if they are in a Victorian Government subsidised place and meet the eligibility criteria to apply for a concession. If their application for a fee concession is successful, they will be charged a concession rate equivalent to 20% of the tuition fee payable by non-concession students in a government subsidised place for their program. Diploma and advanced diploma students are not eligible for a concession or exemption of tuition fees. However, Aboriginal/Torres Strait Islander students in a government subsidised place are eligible to access fee concessions at all program levels (including diploma, advanced diploma, vocational graduate certificate and vocational graduate diploma programs).

4. Programs eligible for the Victorian Government's 'Free TAFE for Priority Courses' scheme have this denoted against their program code in the fee schedule. Eligible students in an eligible program will have their tuition fees waived for their whole program.

5. Eligible students under JobTrainer have access to free training in Free TAFE programs. They also have access to low fee training in all JobTrainer programs and will be charged a concession fee of 20% of the standard government subsidised tuition fee for their program. This concession applies to enrolments at any level, including diplomas and advanced diplomas. Apprentices and School-Based Apprentices are not eligible for JobTrainer.

6. RPL fees are equivalent to the standard tuition fees for the course/s for which RPL is sought.

Appendix 5 - Aviation program fees

Plan AD023A and AD023BN

These fees apply to both domestic and international students. AD023BN is not currently open to international students studying on a student visa. International students who hold a different visa type may be eligible.

Students need to complete the following core courses to graduate, which total 144 credit points. Students also need to complete 48 credit points from one of three specialised streams (Instrument, Instructor or Academic). Students will be required to repeat any failed courses in order to be accredited and will be charged the fee for that course again.

Fees are subject to annual indexation and the fee charged will depend on the year the course is completed.
